Unquestionably Elbert is correct, and every thinking person will agree Think of the people with dignity and count those having it naturally. He who has it naturally, combined with ability is a great success in life. Those with assumed dignity are well, they are understood and discounted by the public.

We've no dignity, natural or assumed, and if its use was attempted by us the public would discount it. The battery, Moore and Robertson, are rated among the topnotchers. Moore has pitched under salary two seasons for the Catskill team of Hudson, N. Y., with a record for games won. Robertson's work behind the bat was seen ad admired by everyone last season. Two years ago the home team won 27 out of 30 games played, and Manager McBroome is confident the home team shall at least be in sight of the pennant this season.

The news will be welcome to the fans who had about given up hope of ever seeing Perkins again this season. Cy is in good ghape. There is hardly any doubt but what he will settle his differences with Owner Winkler and be ready to play ball when called upon. This will mean in all probability a rearrangement of the infield. With Perkins back on third again, McCormack will be shifted to shortstop.

Impure or effete matters accumulated in the blood during the winter cause in The spring such disfiguring and painful troubles as boils, pimples, and other

petite, that tired feeling. The best medicine to take is Hood's Sarsaparilla, which thoroughly cleanses the blood, and effects permanent cures by giving healthy functional activity to the stomach, liver,

The efforts of Superintendent Au-drews of Shelton to secure an attendance of the business men and taxpay-ers of the town at a session of the achools was crowned with at least partial success last week, as sixteen of the class mentioned visited Ferry school at 10 o'clock in the morning, and were shown about the building by

You Could Use A Horse.

But a train is quicker, cheaper and more comfortable.

It is possible to make the trip from New York to Washington with a horse and buggy; but a train is quicker, cheaper and more comfortable.

Likewise, it is entirely possible to wash clothes with ordinary laundry soap, but P. & G. Naphtha Soap is quicker, cheaper and very much easier. P. & G. Naphtha is the modern soap. It is as much

better than ordinary laundry soap as a "Limited" train is better than a horse and buggy.

P. & G. Naphtha Soap saves time; and time is money. It saves fuel; and fuel costs money.

The woman who does her own work owes it to herself, to try P. & G. Naphtha Soap. If, by using it, she is able to get through her washing an hour sooner than it now takes, it will have paid for itself four or five times over. It will do that-and MORE.
